## FIGHTING THE FOREST FIRES

Flames Continue to Rage in Washington, Idaho and Montana—At Least Eighty Lives Lost

Wallace, Idaho, Aug. 24.—The loss of life in the forest fires that swept over the Coeur d'Alene region Saturday and Sunday is placed at eighty persons.

Forestry officials received word that thirty-four fire fighters had burned to death on Big Creek and thirty had met death on Superior Lake.

Six men were killed in the Placer Creek fire, three miles from here, three near Mullan and three at Wallace.

The whole country from here to the St. Joe river, twenty-five miles, has been burned over.

The loss at Wallace still stands at \$1,000,000. One hundred buildings were destroyed. The hospitals are full of wounded, a number of them blind.

**Will Shoot Vandals.**  
Spokane, Wash., Aug. 24.—News of the loss of men at Bear Creek was brought here yesterday by W. D. McLellan, a newspaper photographer.

He was one of the relief party that made the trip to Big Creek Sunday to rescue survivors. The heat was so intense the party was unable to approach the camp.

Several persons were rendered temporarily insane. Mrs. Ernest Reinhardt broke away from her rescuers after they had born her away from her burning house and madly rushed into the flames. Fire is still threatening Newport.

Soldiers of the twenty-fifth United States Infantry, who were patrolling Wallace, under the direction of Mayor Hansen have been ordered to shoot vandals whose depredations are serious. Chicago, Milwaukee and Puget Sound refugee trains through the burned region are furnished with guards of negro soldiers.

**In Forest of Fires**  
Gould, 17 miles from Helena, is entirely surrounded by fire. Wilbur, just over the mountain from Gould is also threatened. A correspondent gave the following account of the journey of a Northern Pacific special relief train:

"All the way from Mullan to St. Regis the Northern Pacific ran through two walls of burning timber. The relief train got as far as Borax and was compelled to turn back by burning bridges.

"Getting back to Saltese, it was found the bridges east had been burned. It was impossible to move either way. The train was compelled to stay at Saltese and this saved the town, which soon began to burn. There were 150 men on the train. Bucket brigades were formed and men set at work with shovels. Half train was just an hour ahead of the fire and six small houses on the west end of the town were burned."

At the Bullion mine eight men were burned to death and two probably fatally burned.

**ACUTE OR CHRONIC—WHICH?**

No matter if your kidney trouble is acute or chronic Foley's Kidney Remedy will restore your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says, "It has been of inestimable value to me." Sold by Court Pharmacy.

**JOSHUA SHOULD BE IN JAIL.**

Former Congressman Sibley Arrested for Conspiracy to Debauch Voters

Franklin, Pa., August 24.—Former Congressman Joseph C. Sibley, who withdrew his candidacy for congress in the Twenty-eighth Pennsylvania district last night, was arrested a few hours later on a warrant charging him with conspiracy to debauch voters. He was released on his own recognizance for a hearing at Warren on August 25.

It is alleged that Congressman Sibley spent \$17,000 in Warren county alone to secure his nomination. It is further alleged that in the entire congressional district he spent some \$22,500, which, according to the population, it is argued, would have meant approximately \$4 per vote.

In the warrant under which Sibley was arrested three other politicians are charged with conspiracy to debauch voters. Mr. Sibley, in a public statement at the time he announced his withdrawal from the nomination of the republican party, declared that ill-health was the reason for his action.

Mr. Sibley defeated Congressman N. P. Wheeler for the nomination and upon the filing of \$42,500 of election expenses, an auditing of Mr. Sibley's accounts was ordered by the courts.

**WON'T NEED A CRUTCH**

When Editor J. P. Sossman, of Cornwell, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica Salve healed it thoroughly. Nothing is so prompt and sure for ulcers, boils, burns, bruises, cuts, corns, sores, pimples, eczema or piles. 25c. at all druggists.

**FEUDIST MET HIS FATE**

Jackson, Ky., August 24.—John Abner, the noted feudist, was shot and killed by unknown parties here last night. Abner had been accused of being one of the men employed by Judge Hargis and others to assassinate Dr. B. D. Cox, James Cockrell and James B. Marcum during the feud fights eight years ago. On each trial, however, the jury disagreed and the charges were never pressed.

## \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medicinal fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

## CONTRIVERSY ABOUT COMETS

French Astronomers Say the One Now Approaching is Really the One Named by Halley

Paris, France, August 24.—Colonel Marchand, the hero of Fashoda and a noted astronomer, never believed that the comet which made its appearance in June was Halley's comet, which he believes is not due until September. The Gaulois is trying to identify the comet which Metcalf of Taunton, Mass., recently discovered and which has since been observed at Paris, Lyons and Marseilles as really the comet of Halley.

## ESTRADA WILL MAKE AMENDS

To the United States for the Wrong Committed on Our Citizens by Zelaya and Madriz

New Orleans, August 24.—After almost a year of severe fighting the revolution which was begun by several hundred Nicaraguan insurgents, at Bluefields, October 10, 1909, practically ended yesterday with the advance by the revolutionists on the capital city and the resignation of President Madriz in favor of Gen. Jose Dolores Estrada, brother of the insurgent leader.

Cable dispatches received in New Orleans announce that Managua has fallen. No resistance was offered to Gen. Luis Mena who at the head of an army augmented largely by the campaign in the interior, marched into the city. Dr. Jose D. Madriz, who had been President since Zelaya was deposed last November abdicated at the time the insurgent army arrived. Jose Estrada in turn issued a proclamation declaring his brother, Gen. Juan Estrada, "President of the reunited republic of Nicaragua."

## Cables to Knox

Bluefields, Nicaragua, August 24.—Gen. Estrada has cabled Secretary of State Knox at Washington an assurance to the American people of his warm regard and offering to make amends for the execution of the Americans Cannon and Groce and other unfriendly acts toward the United States by Presidents Zelaya and Madriz.

**Coughs and Colds.**—At this season when coughs are so prevalent, an effective remedy, and one easily obtained, is Perry Davis' Pain-Exterminator. It is no new nostrum, vended by unknown agents, but has stood the test of over seventy years; and those who use the article, internally or externally, will remember with grateful recollections of its worthy inventor.

## ELK CITY HEROINES

Women of a Washington Town Saved Their Homes from Destruction

Spokane, Wash., August 24.—The heroism of women saved the town of Elk City from total destruction from the forest fires which are continuing to ravage the northwest. With the male population of Elk City fighting close up to the advance line of the conflagration, the women of the little city formed a reserve corps in the town itself guarding homes and business houses.

Many incipient blazes were started in Elk City by brands from the blazing forests which speckled the sky in all directions. All Saturday night and nearly all day Sunday the plucky women of the town remained on the roofs of homes and business houses attending to these fiery particles as they fell here and there. The town is now out of danger, but conditions in the surrounding regions are steadily growing worse.

## SAVED FROM AWFUL PERIL

I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of croup." Infallible for coughs and colds, its the most certain remedy for lagrippe, asthma, desperate lung trouble and all bronchial affections. 50c. and \$1. A trial bottle free. ## SHOULD HAVE SPARED THE SNAKE

It Spared the Baby, Which Probably Seemed to It Like a Dangerous Enemy

Nevada City, Cal., August 24.—Missing her baby, Mrs. James Oxall of Blue Tent, went into her back yard to look for it and found the infant playing with a rattlesnake, the latter coiled up and hissing and rattling.

Each time the cooling child stooped over to pick up the reptile the snake would stick out its tongue and rattle, all of which served merely to delight the baby. The mother was frantic and quickly drew the child away, later dispatching the snake with a stick. It measured three feet and had four rattles and a button.

Washington, D. C., August 24.—Charged with plundering a vessel on the high seas five Americans are being held aboard the battleship Iowa, returning from a cruise abroad. The men will be turned over to United States commissioners for examination as soon as the Iowa reaches Annapolis, August 28.

The men in question were members of the crew of the schooner Pedro Versa of New Bedford, engaged in the whaling industry.
